

To Our Eastside Endoscopy Center Patients:

Due to the recent deterioration of the financial situation in Michigan there are an increasing number of uninsured patients. Due to this fact we have created a global fee for our patients with no health insurance. This will greatly decrease the financial burden for the uninsured patient, and facilitates patients with no insurance to have medically necessary services.

A global fee has been developed and is now in place. This global fee is an all in one fee that includes the facility fee, physician fee, anesthesia fee, and a pathology and histology fee if a biopsy is performed. EEC encourages the patient to pay the full amount on the day of the procedure. This is a cost savings for the patient of 60-70% of what they would owe all of these different entities and the patient only receives one bill, not five.

	Original Charge	OUR GLOBAL FEE	
		With Deep Sedation	With Conscious Sedation
Screening Colonoscopy Average or Increase Risk	\$ 3,075.00	\$ 800.00	\$ 550.00
